

CAPABILITIES STATEMENT

Company Overview

The executive team at Patriot Engineering Company LLC brings over 20 years of expertise in delivering innovative civil engineering solutions. Our team specializes in design, consulting, and planning services for sustainable infrastructure projects, ensuring seamless execution from concept to completion.

Organizations such as Standard Land Development, Home 2 Suites, and NBC Land Holdings trust us for our ability to conceptualize, design, and successfully bring their projects to life.

We specialize in site development, transportation planning, and construction oversight. Guided by our core values of **Growth, Responsiveness, Integrity, and Teamwork (GRIT)**, we prioritize exceptional customer service and collaboration to ensure project success. Our integrated approach delivers cost-effective solutions that meet the highest standards of safety, sustainability, and client satisfaction.
